Relief workers in Gaza said they found four starving children sitting next to their dead mothers and other corpses in a house in a part of Gaza City bombed by Israeli forces, the Red Cross said on Thursday.

The International Committee of the Red Cross on Thursday accused Israel of delaying ambulance access to the Gaza Strip and demanded it grant safe access for Palestinian Red Crescent ambulances to return to evacuate more wounded.

"This is a shocking incident," said Pierre Wettach, ICRC chief for Israel and the Palestinian territories.

"The Israeli military must have been aware of the situation but did not assist the wounded. Neither did they make it possible for us or the Palestinian Red Crescent to assist the wounded," Wettach said.

The agency said it believed Israel had breached international humanitarian law

in the incident.

An Israeli offensive launched in the Hamas-controlled Gaza Strip on Dec. 27 has drawn increasing international criticism over mounting civilian casualties.
